# 2025 Honorees

**Conservation Champion Award**

## **Senator Nikil Saval, 1st Senatorial District**

Senator Nikil Saval is a father, husband, writer, and organizer representing Pennsylvania's First Senatorial District. He serves as Democratic Chair of the Senate's Urban Affairs & Housing Committee and Philadelphia Delegation. Saval led the creation of Pennsylvania's nationally acclaimed Whole-Home Repairs Program, which establishes a one-stop shop for home repairs and weatherization. He is fighting for a Philadelphia and Pennsylvania that work for everyone.

**Keystone Legacy Award**

## **Helen Tai, CVPA Board Member & Fmr State Representative**

Helen Tai is a former State Representative and Solebury Township Supervisor whose leadership has advanced environmental protections, government transparency, and equity across Pennsylvania. A dedicated CVPA board member and DEI co-chair, Helen has indelibly shaped the organization. Helen also serves on Governor Josh Shapiro's Advisory Council on Women and the board of CeaseFirePA.

**Partners in Progress Award**

## **Rob S. Bair, President of PA State Building Trades Council**

Rob Bair leads the statewide Building Trades Council representing over 130,000 union workers. A 36-year IBEW member and lifelong Pennsylvanian, Rob has been a tireless advocate for workers' rights and a key partner in Blue-Green work to advance clean energy. He brings a powerful voice for labor and climate partnership to every table, helping advance a stronger, greener Pennsylvania.

# Why **You**, Why **Now**?

With federal climate action stalled and extremist politicians dismantling progress in Washington, **the most meaningful impact corporations with environmental values can make is right now, here at home, in Pennsylvania.** That's why, this year...

## We're Going **ALL IN ON PA!**

At Conservation Voters of Pennsylvania (CVPA), we know that **the path to a cleaner, healthier, more just future runs through Harrisburg and our local communities — not through a broken Congress.** Your 2025 Green Gala corporate sponsorship fuels the strategic, state-level advocacy, education, and organizing needed to protect what we love and fight back against what threatens it.

## Your Corporate Sponsorship **Helps...**

- **Electing environmental champions** who will put Pennsylvanians before polluters.
- **Effective advocacy in Harrisburg** to win environmental victories like "Solar for Schools" — Pennsylvania's first clean energy law in more than a decade.
- **Year-round organizing and civic engagement campaigns** that mobilize communities, expand voting access, and advance environmental justice across PA.
- **Accountability campaigns** that ensure Pennsylvania's elected officials can't greenwash their records or ignore their constituents' right to a healthy environment.
