# **YOU** can preserve green spaces like **Settlers Cabin Regional Park** for future generations!

**From the Settlers Cabin Regional Park to our favorite local park or playground, the Land and Water Conservation Fund (LWCF)** has helped protect important historic sites and outdoor spaces to hike, bike, swim, kayak, fish, and enjoy nature in urban and rural areas. The LWCF has already invested more than \$1.5 million in Allegheny County, including \$70,000 for Settlers Cabin Regional Park alone.<sup>1</sup>

**Rep. Conor Lamb has co-sponsored this important bill, but the LWCF will end soon if Congress does not act. He needs our support to get it passed!**
