Congress must act now to preserve the LWCF that has helped honor our American heroes.

Since 1964, the Land and Water Conservation (LWCF) has helped preserve land across Pennsylvania, at no cost to taxpayers, where thousands of Americans gave the ultimate sacrifice.

More than \$315 million has been invested to preserve Pennsylvania public lands, including \$25 million honoring our American heroes at sites including:

Flight 93 National Memorial

Valley Forge National Historic Park

Brandywine Battlefield Historic Site

Fort Necessity National Battlefield

Gettysburg National Military Park

Independence National Historical Park

Paoli Battlefield Site

Veterans Memorial Park

LWCF will expire on September 30th if Congress does not act.

Protect the sacred spaces that honor our heroes. Call Rep. Keith Rothfus at (724) 359-1626 and tell him to vote to protect LWCF.
